一. 中心区概况

1. Overview of the Center

商丘市位于河南省东部，地处豫鲁苏皖四省交界地区，是华北通向华东连接要冲，素有“豫东门户”、“四省通衢”等称谓与美誉，被中央选定为豫鲁苏皖结合部区域性中心城市。

近年来，商丘市在装备制造、食品加工、医药、纺织服装制鞋等产业方面取得了显著的成绩，形成了相应的产业集群。

商丘产业服务中心区涵盖陇海铁路以北、包河以南、梁园路以东、中州路以西，共约25平方公里，包河、万堤河、忠民河三条河流环绕贯穿中心区域，产业服务中心区规划设计和骨干道路网络基本成形、基础设施正在逐步完善中，为产业服务中心区全面开发和建设打下良好的基础。

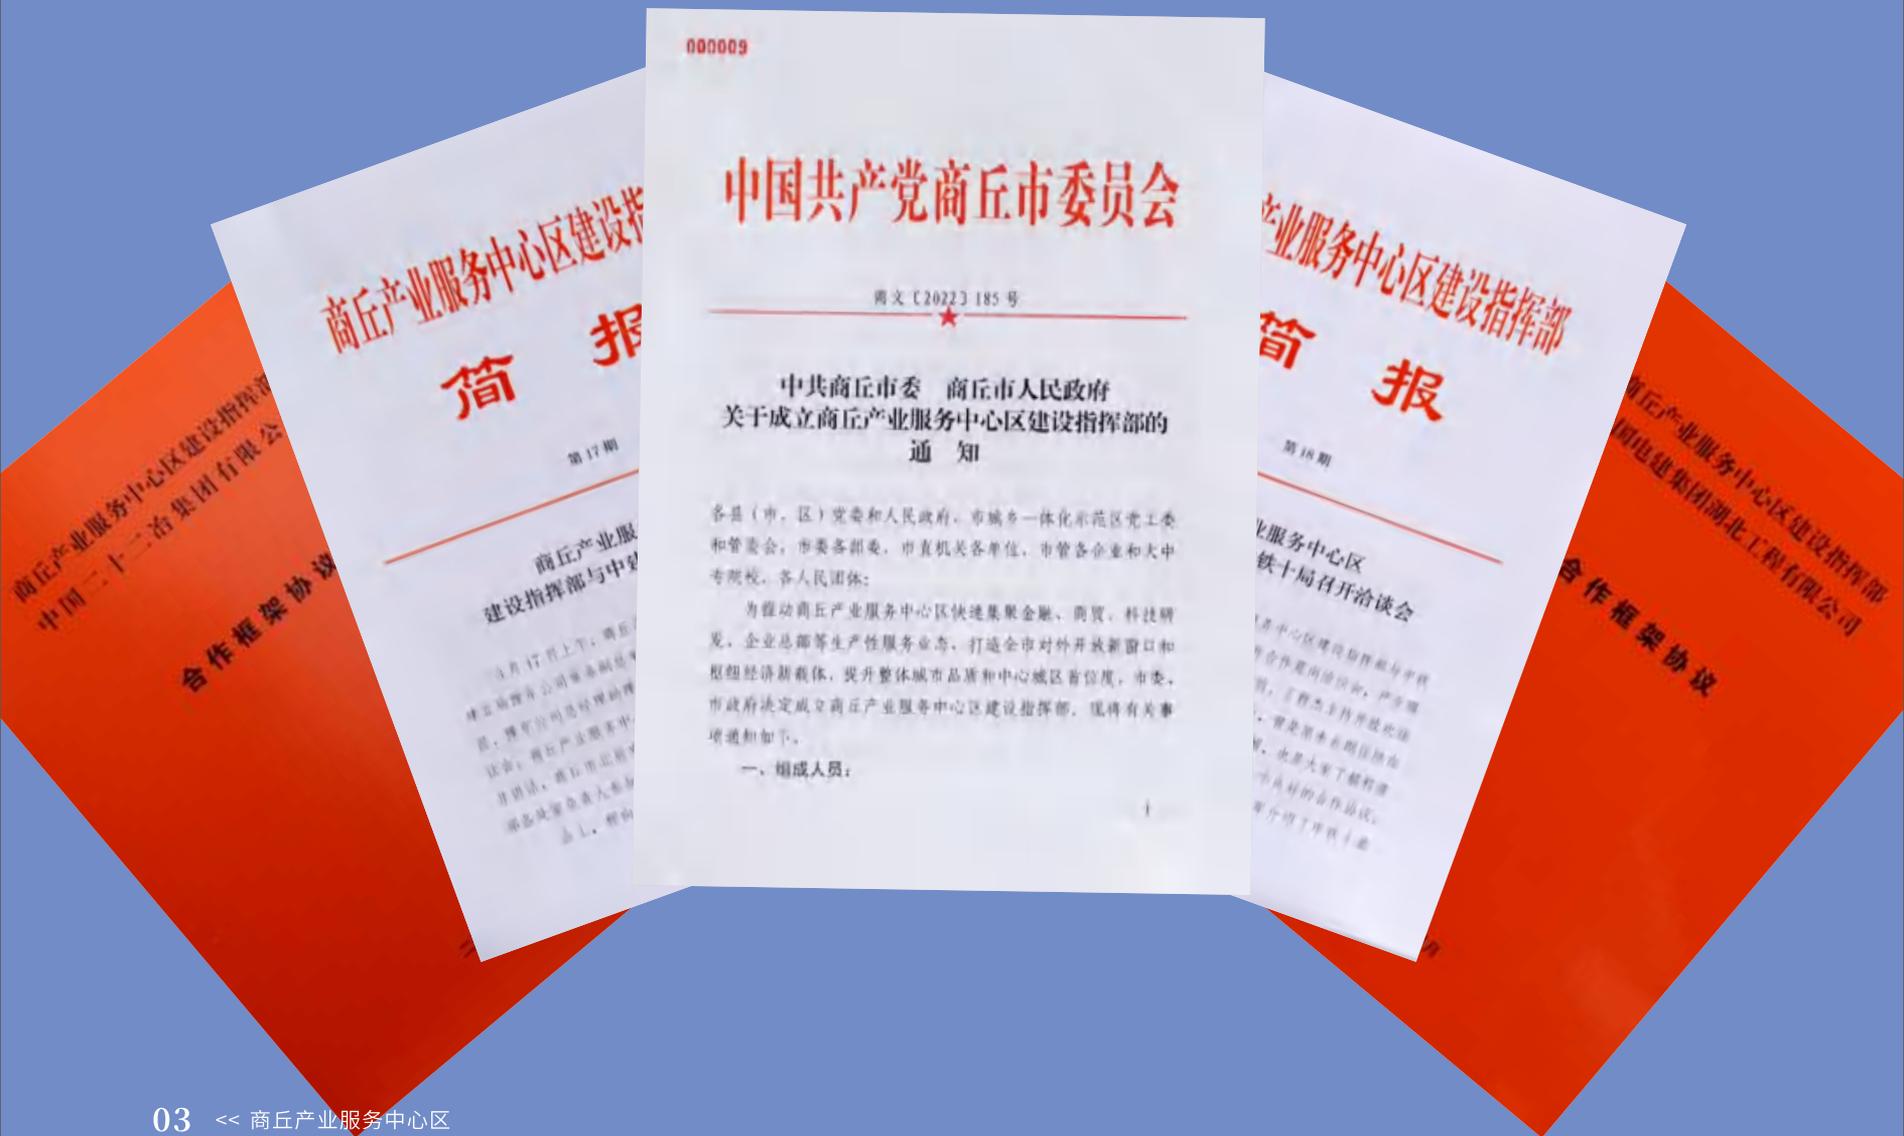

Shangqiu City is located in the eastern part of Henan Province, at the junction of the four provinces of Henan, Shandong, Jiangsu, and Anhui. It is a crucial section connecting North China and East China, and always enjoys as the title of the "gateway to East Henan" and the "thoroughfare of the four provinces". It has been selected by the central government as a regional central city in the junction of Henan, Shandong, Jiangsu, and Anhui.

In recent years, Shangqiu City has achieved significant results in industries such as equipment manufacturing, food processing, pharmaceuticals, textiles, clothing, and footwear, forming corresponding industrial clusters.

Shangqiu Industrial Service Center covers an area of about 25 square kilometers including north of Longhai Railway, south of Baohe River, east of Liangyuan Road and west of Zhongzhou Road. Three rivers, saying Baohe River, Wandi River and Zhongmin River, surround and run through the central area. The planning and design of the industrial service center area and backbone road network have basically taken shape, with the infrastructure gradually improved, laying a good foundation for the comprehensive development and construction of industrial service center area.

二. 运营模式

2、Operation Mode

努力打造产业发展集聚之地、科技创新引领之地、
数字经济迸发之地、审批服务示范之地、青年人才圆梦之地

商丘市委市政府为全面提升中心城区首位度、完善城市功能布局，高标准高水平精心谋划商丘产业服务中心区，成立以市委书记任政委、市长任指挥长、市人大副主任任执行指挥长的“商丘市产业服务中心区建设指挥部”，实行“**封闭运行，封闭管理，自求平衡**”、**重大事项“一事一议”**，按照“指挥部+平台公司”管理体制，全力推动商丘产业服务中心区快速发展。

In order to comprehensively enhance the priority of the central urban area and improve the urban functional layout, the Shangqiu Municipal Party Committee and Government have meticulously planned the Shangqiu Industrial Service Center with high standards and high levels. They have established the "Shangqiu Industrial Service Center Construction Command" with the Municipal Party Secretary as the political commissar, the Mayor as the commander, and the Deputy Director of the Municipal People's Congress as the executive commander. They implement "closed operation, closed management, self balancing" and "one matter, one discussion" for major issues. In accordance with the "Command+Platform Company" management system, they are fully promoting the rapid development of the Shangqiu Industrial Service Center.

三. 交通优势

3、Transportation Advantages

商丘是国家交通部确定的综合交通枢纽城市，也是全国“八纵八横”高铁网络的重要节点城市，陇海、京九、郑徐、京港等普铁，郑徐高铁、商合杭高铁、京雄商高铁，在商丘形成“双十字”铁路枢纽，连霍、济广、商登、商南、德上、阳新等高速公路形成了“六纵六横”网络。随着京港高铁、商丘机场、沱浚河航运加快建设，商丘将建成集公路、铁路、航空、水运于一体的综合性立体式交通网络。

Shangqiu is a comprehensive transportation hub city designated by the Ministry of Transport of China, and also an important node city in the national "eight vertical and eight horizontal" high-speed rail network. Common railways such as Longhai, Jingjiu, Zhengxu, and Jinggang, as well as Zhengxu high-speed railway, Shanghe Hangzhou high-speed railway, and Jingxiong commercial high-speed railway, form a "double cross" railway hub in Shangqiu, and connect highways such as Huozhou, Jiguang, Shangdeng, Shangnan, Deshang, and Yangxin, forming a "six vertical and six horizontal" network. With the accelerated construction of the Beijing-Hong Kong high-speed railway, Shangqiu Airport, and Tuohui River shipping, Shangqiu will build a comprehensive three-dimensional transportation network integrating highways, railways, aviation, and water transportation.

四. 人力资源优势

4. Human Resource Advantages

商丘市总人口1016万人，是劳动力资源大市，城乡富余劳动力250万人，常年在外务工人员220万人。现有商丘师院、商丘学院、商丘工学院三所本科院校，商丘职业技术学院为全国示范性高等职业院校。全市72所大中专院校拥有在校生13万人，每年可输送各类专业技术人才5万多人。

Shangqiu has a total population of 10.16 million people, making it a city with abundant labor resources. There are 2.5 million surplus urban and rural laborers, and 2.2 million permanent migrant workers. Three undergraduate colleges, namely Shangqiu Teachers College, Shangqiu College and Shangqiu Engineering College, are located in the city and Shangqiu Vocational and Technical College is a national model higher vocational college. The 72 colleges and universities in the city have 130000 enrolled students and can transport over 50000 professional and technical talents each year.

九. 政策支持

9、Policy Support

◆ 体制支持

商丘产业服务中心区建设实行指挥部统一领导、属地辖区配合、平台公司运作的管理体制，封闭管理、封闭运行。指挥部拥有自主投资决策权、资金调度权、要素运作权和工程管理的权。

◆ Institutional Support

The construction of Shangqiu Industrial Service Center implements the management system of unified leadership of the command center, cooperation with the territorial jurisdiction, and operation of the platform company, with closed management and closed operation. The command center has the power to make independent investment decisions, allocate funds, operate elements, and manage projects.

◆ 财政支持

加大公共设施建设资金支持力度，根据产业服务中心区范围内公建设施数量及每年的建设计划，市财政要投入一定数量的建设资金，满足公共建设和施工建设的需要。商丘产业服务中心区范围内的重点项目土地出让金市级收益部分全额用于支持商丘产业服务中心区。

◆ Financial Support

Increase funding support for public facility construction. Based on the number of public facilities within the industrial service center and the annual construction plan, the municipal finance department will invest a certain amount of construction funds to meet the needs of public facilities and construction. The municipal part of the land transfer fees for key projects within the scope of the Shangqiu Industrial Service Center area will be used in full amount to support the development of Shangqiu industrial service Center area.

◆ 用地支持

商丘产业服务中心区建设指挥部根据市政府委托, 统筹经营区域内土地一级市场, 区域内的建设用地指标实行单列, 按照规划和建设需要优先及时保障产业服务中心区建设用地, 支持商丘产业服务中心区在土地利用和管理方面先行先试。商丘产业服务中心区坚持集约节约利用土地, 按照“统一征地、统一房屋征收、统一补偿安置、统一出让”的原则, 统筹开发建设。

◆ Land Use Support

The Construction Command of Shangqiu Industrial Service Center is entrusted by the municipal government to coordinate the operation of the primary land market in the area. The construction land indicators in the area are implemented separately, and priority is given to timely guarantee the construction land of the industrial service center based on planning and construction needs. It supports Shangqiu Industrial Service Center to take the lead in land use and management. Shangqiu Industrial Service Center area adheres to the intensive and economical use of land, and coordinates the development and construction according to the principle of "unified land expropriation, unified housing expropriation, unified compensation and resettlement, and unified transfer".

◆ 招商支持

产业服务中心区招商引资的项目享受市、区两级招商引资优惠政策按照特色优先、品牌优先的要求, 对产业服务中心区急需的、带动性大、辐射性强的项目实行对重大单体项目, 按照“一事一议”、“一项一策”的原则确定扶持与优惠政策。

◆ Investment Support

Investment projects in the Industrial Service Center area enjoy preferential policies at the city and district levels. In accordance with the requirements of prioritizing characteristics and brands, support and preferential policies are determined for major individual projects that are urgently needed, with great driving force, and strong radiation in the Industrial Service Center area based on the principle of "one matter, one solution" and "one item, one policy".
